## Why Wait

## Shakira

Put your trust in me I won't let you down Don't delay the things That you want right nowWhy wait for later? Hey, don't you want some action? I'm not a waiter I like to make things happenSomething's coming on, coming on strong Don't take too long Don't you wanna know? Baby, come home One more night with you I won't think it through Time's money, thought you knew There's nothing in the world You can think of that I won't do to youDrowning in your sweat Till I drench my clothes You've seen nothing yet Wait till you let goWhy wait for later? Obey my intuition We're gonna be just fine I got a premonitionSomething's coming on, coming on strong Don't take too long Don't you wanna know? Baby, come home One more night with you I won't think it through Time's money, thought you knew There's nothing in the world You can think of that I won't do to youI'm gonna dance through the veil of your eyes While you follow my steps in the sand I see your fate in the palm of your handNo one looks, no one hears us this time It's only me and your conscious tonight If there are no witnesses, there is no crimeWhy wait for later? I'm not a waiterSomething's coming on, coming on strong Don't take too long Don't you wanna know? Baby, come homeOne more night with you I won't think it through Time's money, thought you knew There's nothing in the world You can think of that I won't do to...One more night with you I won't think it through
