

Lookin 4 Tha Suckin

Lil Ugly Mane

Lookin for tha suckin Bitch I got ten thousand, multiply a hundred
Bitch theres a million fly womens in my dungeon
Catch me at the airport flying out to london
Stackin up my paper you can tell that I am stuntin Im getting neck from this dime ho, booty like
a rhino
Whats her name, hell if I know
Bout to flip her over grab the jimmy out the glove box
Tell her shake it in the air then let her butt drop
Let her pussy pop, see what type of goods she got
She like it when I smack her booty when she on the top, thats how thugs rock
Bitch you ain't my lady you ain't nothin we just fucking
You was just the ho I picked when I was lookin for tha suckin
Lookin for tha suckin
Bitch I got ten thousand multiply a hundred
Bitch theres a million fly womens in my dungeon
Catch me at the airport flying out to london
Stackin up my paper you can tell that I am stuntin Lookin for tha suckin
