## Sugar

## **Maren Morris**

Boy I've been cooking up one hell of a crush I've got you on my mind the minute I wake up

You make the morning glow, make the rooster crow, get my juices flowing You know I got the spice but it ain't enoughBaby would you be my sugar, sugar?

Make my heart race, even on a good day

You make the world taste better, better

Good on anything, want you on everything

Just a little bit is all it takes

Like a Coca-Cola on a Christmas Day

You're what I crave babe, what can I say?

Would you, would you

Would you be my sugar, sugar?

Tried the fake shit but it ain't the same

A girl just knows when it's the real thing

Yeah I'm a cup of tea with a touch of cream but something's missing So I'm gonna put this nice and sweetBaby would you be my sugar, sugar?

Make my heart race, even on a good day

You make the world taste better, better

Good on anything, want you on everything

Just a little bit is all it takes

Like a Coca-Cola on a Christmas Day

You're what I crave babe, what can I say?

Would you, would you

Would you be my sugar, sugar?

Would you be my sugar, sugar?Sugar sugar, you make my heart race Even on a good day you make the world taste

Better better, good on anything

Just a little bit is all that it takes

Sugar, sugar

Make my heart race, even on a good day

You make the world taste better, better

Good on anything, want you on everything

Just a little bit is all it takes

Like a Coca-Cola on a Christmas Day

You're what I crave babe, what can I say?

Would you, would you

Would you be my sugar, sugar?

Would you be my sugar, sugar?
