

# Break My Heart (feat. Rick Ross)

Estelle

'Cause I just wanna love you, baby  
I don't wanna waste no time  
Wanna be your only one, baby  
Please don't break my heart I rose from the dead tailor-made black linen  
Tinted Escalade with a made man in it  
Rose gold shades with the rosé lenses  
Pink champagne and the flow so endless All I seek is perfection  
Ain't no secrets, I'ma eat that for breakfast  
Keep her close to me like lyrics, she spoke to me  
In the middle of the winter, so I'ma let her close to me All these stars out  
And these people know my name  
I can be so pretentious  
But he likes me all the same  
And these lights are glowing  
But he don't want none  
He rather chill at home  
Maybe he could be the one You want me to trust you, but how can I trust you  
When I don't know the first thing about that  
There's so many questions, and I learned my lesson  
Messing with my heart and I just got it back I just wanna love you, baby  
I don't wanna waste no time  
Wanna be your only one, baby  
Please don't break my heart I've been here before  
I don't know if you're the type  
Who's gonna keep me sure  
When the doubt creeps in my mind  
Will you be there baby?  
Or will you let me go?  
Can you stand the pressure?  
This is what I need to know You want me to trust you, but how can I trust you  
When I don't know the first thing about that  
There's so many questions, there's so many lessons  
And I need for you to have my back 'Cause I just wanna love you, baby  
I don't wanna waste no time  
Wanna be your only one, baby  
Please don't break my heart All white in the winter, green in the summer  
Painted the Lamborghini, same color marijuana  
Floating in the 6, till I made her seasick  
Wetting these niggas up with this AMG kit Earned a reputation reppin' up and down the  
boulevard  
Me and baby, Bonnie and Clyde off in the rental cars  
Propositions through politicians are common now

My money tall we can never be on common ground  
Peel the top back  
Getting higher than the higher power  
Making love in the penthouse  
Then, it's sayonara  
Fell in love with shorty, blame it on the chemistry  
Tools on the low, fools really envy me  
Money multiply S600 Benz  
Me and my shorty live, we a team to the end  
Monopoly shopping sprees  
Imagine what we can spend  
Me and my shorty live  
We gonna do this shit again  
Don't break it  
Please, don't break my heart  
No, don't break it  
Please, don't baby  
I just wanna love you, baby  
I know it from the very start  
Wanna be your only one, baby  
Please don't break my heart  
You got me living on a prayer  
You could be a millionaire or broke, we won't pretend  
You know you're more than a friend  
Just because you love me, I'ma love you till the end  
I got you, you got me  
I like you, you like me  
And we could do everything  
I wanna love you, oh, baby, baby, baby, baby  
Don't break it  
Please, don't break my heart  
No, don't break it  
Please, don't baby  
'Cause I just wanna love you, baby  
I don't wanna waste no time  
I wanna be your only one, baby  
Please don't break my heart  
Please don't break my heart  
Please don't, baby  
I just wanna love you, baby  
I knew it from the very start  
I wanna be your only one, baby  
Please don't break my heart
