

# Red Flags and Long Nights

## She Wants Revenge

Sick of trying to find a way inside  
Sick and tired of all the after  
Sick of trying to find a way to slide  
Even though it always ends in laughter  
It's never hard to tell when things are done  
She looked into my eyes and a voice said "RUN"  
She says that I'm a mess but it's alright  
Whether it's two weeks, two years, or just tonight  
You can occupy my every sigh  
You can rent the space inside my mind  
At least until the price becomes too high  
I can find a reason that we should quit  
I can find a reason to do it  
I can find excuses for all my shit  
She tells me just to work right through it  
She's pretty, and I like her but she's too well  
Cause I need red flags and long nights, and she can tell  
It's not that it's my fault, it's just my style  
Beginning with a look and then a smile  
You can occupy my every sigh  
You can rent the space inside my mind  
At least until the price becomes too high  
She don't need a thing, she don't need saving or a lay  
She's got all her friends around, and you can hear them say  
He's not into you, he's into the idea of  
But little do they know that she's not through  
You can occupy my every sigh  
You can rent the space inside my mind  
At least until the price becomes too high  
You can occupy my every sigh  
You can rent the space inside my mind  
At least until the price becomes too high
