

# It Feels

## NERVO

Nothing's gonna change the way that it feels 'cause I'm falling in love again  
Nothing's gonna change the way that it feels  
Said nothing's gonna change the way that it feels 'cause I'm falling in love again  
Nothing's gonna change the way that it feels  
World moves quickly  
When you're with me  
Hearts get lost in  
What we started  
Nothing's gonna change the way that it feels 'cause I'm falling in love again  
Nothing's gonna change the way that it feels  
Said nothing's gonna change the way that it feels 'cause I'm falling in love again  
Nothing's gonna change the way that it feels  
So tell me if it's real, if it's real, where do we go  
So tell me if it's real, if it's real, where do we go  
So tell me if it's real, if it's real, if it's real  
So tell me if it's real, if it's real, if it's real
