

In Those Jeans

Ginuwine

Any more room...
(--- Is there-- tell me)
... For meOoooLookin good, plenty time
(is there room...) any more room for me...
In those jeans
Really thick, like I like it
Tell me is there any more room for me...
in those jeans
Lookin tasty, really scrumptious
Tell me is there any more room for me... in those jeans
Lookin' good, plenty time
(Is there room?) any more room for me
Got out my ride, seen you from a far (and I)
Couldn't stop myself from looking hard
(staring)
You wore these jeans (girl you wore these jeans)
And you... made a thug wanna cry something terrible
I had to have... (have you for myself)
Baby, you don't know what those jeans do me
Make me wanna get down on one knee
You got that thunder, and it only makes me wonder
How it feels, to get up in those jeans (those {C'mon} jeans)Lookin good, plenty time
ooo (is there room?) any more room for me... (any more room?)
In those jeans (any more room)
Really Thick like I like it (C'mon)
Tell me is there any more room for me...
In those jeans (any more room)
Lookin Tasty, Really scrumptious
Tell me is there any more room for me... (is there any more... yeah)
In those jeans
Lookin' good, plenty time
(Is there room) any more room for me...
(Is there any more?)You are the bomb
Girl you're tight to death
Baby, I don't know the words to say to you
All that I know
Baby all I know
Is that I'm lovin' what I see
And I'm feelin' you (feelin' you)
I wanna know (what), all I wanna know
(Is if) I can have what's up in those jeans
Baby Can I have what's up in those jeans

Don't get alarmed
 Cause I don't mean no harm
 But I love (I love) the way you wear those jeans... Yes I do
 Levis, Prada, Baby Phat (I love them)
 Love the way you wearin' that (I love them)
 Calvin, Iceberg, Sergio (I love them)
 Tryin to get inside of those (Inside yeah yeah) Lookin good, plenty time
 (is there room?) any more room for me...
 (is there any more room) In those jeans
 Really thick like I like it (what I would do)
 Tell me is there any more room for me... (If I was in...)
 In those jeans
