

# Birthday

## Destiny's Child

It's your birthday you don't have to do nothin'  
The time has come and it's finally here  
Have a candle light dinner or just settle down my dear  
Whatever you like boy it's all up to you  
We can celebrate baby 'cause it's your birthday  
Now close your eyes babe, listen to the melody  
Anything you want my sweet, just ask me  
It's the day for us to share, so leave your problems outta me  
It's right here in me and make this day history  
It's your birthday, and we could spend time  
together  
We gon' celebrate, you and me  
It's your birthday, so baby blow out the candle  
We gon' celebrate, you know it's your birthday  
I'm sending out invitations to let all your friends know that  
It's your birthday  
But all that I really wanna do is wrap you up and get in the groove  
Keep you all to myself, it's your birthday  
Now the mood is right now, and you don't have to  
fantasize  
All your dreams could come true but it's up to you  
If you can't decide boy just give me all your mind  
I got a surprise, a present that you'll like  
It's your birthday, and we could spend time together  
We gon' celebrate, you and me  
It's your birthday, baby blow out the candle  
We gon' celebrate, you know it's your birthday  
It's your birthday, you don't have to do nothing  
It's your birthday  
It's your birthday, you don't have to do nothing  
It's your birthday  
It's your birthday, you don't have to do nothing  
We gon' celebrate  
It's your birthday, you don't have to do nothing  
We gon' celebrate  
It's your birthday, you don't have to do nothing  
We gon' celebrate  
Happy birthday baby  
It's your birthday, you don't have to do nothing  
We gon' celebrate  
It's your birthday, you don't have to do nothing  
We gon' celebrate
