

Made to Love You

Gary Wright

Now, I don't need to travel far?
And I don't need to be a star
?I don't need no one, to tell me if I'm right?
You're the only one that matters in my lifeI was made to love you?
Love you, love you alone?
Yes, I was made to love you
?Love you, love you aloneI don't think I can pretend, no
?Cause baby, you're more than just a friend?
We grew up together, living separate lives
?Now, we need each other, what a big surprise
I was made to love you?
Love you, love you alone?
Yes, I was made to love you
?Love you, love you aloneLove you, love you?
Love you, love you alone
?I was made to loveBehind my dreams are thoughts and feelings
?They're tellin' me life lines never change
?I believe in karma and I believe in you
?And I feel somehow you believe in me tooI was made to love you?
Love you, love you alone
?I was made to love you?
Love you, love you alone
I was made to love you
?Love you, love you alone
?I was made to love you?
Yes, I was made to love
