Three 6 Mafia

Uh-huh, Three 6 Mafia
We gotta do it for the ladies this time man, gotta do one
For the ladies they say we never do one for 'em, we gon'
Talk about how ladies have these dudes sewed up
How a lotta dudes fall lame to the game, it's goin down
This pussy got ya hooked pussy got ya
hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
Freaky lil' thang gon' pass me by
Watchin' you out the corner of my eye
Wit' a big booty and them healthy thighs
Let a nigga get a lil' piece of that pie
You ain't all that why you actin' stuck up
Let me pour some of this drank in ya cup
And maybe later, I'll hit them guts
And maybe at night you'll be catchin' the bus
Worse ass nigga, keep blowin' up ya phone
Can't get the picture won't leave you alone
(You have 12 new voice messages)
Girl what you done did that fool head gone
I think a young playa need to hook up wit' you
'Cause ain't no tellin' what you might do
Chew a nigga up in the Bentley Coupe toes
Curlin' up like Roman noodles
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
She get it so wet she make it so warm
And on a lame brain mane she got a lotta charm
She swallow it like a pill and makin' them pay them bills
For another nigga kid cell phone car and crib
He payin' for the dinner for him her and all her
friends
And when he spend the night her dog in the bed he in the den
But still he say, he love her, wouldn't put his mom above her
He did all this after the first time he ever fucked her
This pussy got ya hooked pussy got ya
hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
Don't ask me nigga, you nasty nigga
You had ya tongue in my ass nigga

And you a pro' so I know it wasn't the first time
And it won't be the last nigga And ain't tryna to act like it wasn't all that
When you be sick when I'll fall back
Name any piece of furniture in ya crib
And I can guarantee we fuck on that See when you hooked you know
That it's so good you gotta go back
Then it seem like any other chick
That you try to stick ya dick in be so wack And for some reason it won't stay up
But when you wit me it be way up
And you'll never say no when I call yo' phone
You already be ready to lay up He's a lame ass nigga hollerin' that he pimpin' the broad
(Pimpin' the broad)
But found out he was spendin' amp on the broad
(Amp on the broad)
Ohh, how a nigga be wit' that flauge?
(Wit' that flauge)
Hannndcuffin' hoes that'll do that job
(Do that job) Sloob on my knob, mane get that change
(Get that change)
Ain't no shame in her goddamn game
(Goddamn game)
All she think about she wanna please her mane
(Please her mane)
Bringin' back double drivin' him insane
(Him insane) This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
This pussy got ya hooked pussy got ya hooked, Hell naw
