

# Hush (feat. 7 Aurelius)

## LL Cool J

[7 Aurelius]

Hush baby, wanna let you know  
This is how it's gonna go[chorus: 7 Aurelius]  
Hush baby, wanna let you know  
This is how it's gonna go  
If you wanna come and play  
Gotta do it my way  
Hush baby, don't talk so much  
Just wanna feel your touch  
Everything will be okay  
If you do it my way (my way, my way)  
Hush baby

[verse 1: LL Cool J]

You feel so good  
Rest of my life, I wish I could  
Hold you tight and take a flight out the hood  
Was I foul or just misunderstood  
Mild-mannered or up to no good  
It really doesn't matter, either way I should  
Maximize the moment and hold you close  
Jump in the drop spider and cruise down the coast  
Who loved you the most  
I was never ghost  
When lives was on the line  
Confusion in your mind  
Runnin' out of time  
Drama of all kind  
But there's faith in our mind  
We spiritually inclined  
Sometimes I flip  
Sometimes you flip  
Sometimes we wild out and act like lunatics  
We movin' too fast, the whole world's in a rush  
Everybody just hush  
[chorus: 7 Aurelius]  
Hush baby, wanna let you know  
This is how it's gonna go  
If you wanna come and play  
Gotta do it my way  
Hush baby, don't talk so much  
Just wanna feel your touch  
Everything will be okay

If you do it my way (my way, my way)  
Hush baby[verse 2: LL Cool J]  
Its all a test, the pain, the drama  
The villa in the Bahamas  
The highs, the lows  
The hoop-t, the Rolls  
The money flowin'  
Certain doors that we go in  
The people we meet, the hands that we shake  
Whether it's Morton's or Sizzler steak  
But everything will be okay  
If we do it my way (my way, my way)  
Cause I believe in romance  
Kissin' while you slow dance  
Me bouncin' baby? No chance  
No matter the circumstance  
Whatever it takes girl, I'll swim to France  
Cause your beauty's unmatched  
Such a great catch  
Unconditional love, forever we are attached  
Deal with the drama, we can find our way back  
With or without the Maybach[chorus: 7 Aurelius]  
Hush baby, wanna let you know  
This is how it's gonna go  
If you wanna come and play  
Gotta do it my way  
Hush baby, don't talk so much  
Just wanna feel your touch  
Everything will be okay  
If you do it my way (my way, my way)  
Hush baby[verse 3: LL Cool J]  
I can feel your pain  
Like we Siamese twins, connected by our brains  
Walkin' through the desert in the ice cold rain  
Want you in my life and nothing's gonna change  
God willin', we still be doin' our thing  
When my six-pack's faded  
Raps outdated  
But that's many years from now, so don't rush  
Little mama, just hush[chorus: 7 Aurelius]  
Hush baby, wanna let you know  
This is how it's gonna go  
If you wanna come and play  
Gotta do it my way  
Hush baby, don't talk so much  
Just wanna feel your touch  
Everything will be okay  
If you do it my way (my way, my way)  
Hush baby[7 Aurelius]

Hush baby  
Hush, hush darling  
Hush baby, hush, hush  
Don't talk so much  
Wanna feel your touch[LL Cool J]  
Hush baby, hush  
Hush baby, hush[7 Aurelius]  
Hush baby, wanna let you know
