

Sweet Persuasion

Brett Dennen

I know you got my number
And I know your spell I'm under
I won't break 'cause I got something on you. You know me and my weakness
and you know my little secret
Still I think that I got something on you Sweet Persuasion
Do you know my reputation
Swe e e t Persuasion
I've got a hard reputation
All I want your affection
I can offer you protection
Come on baby what you got to loose Sweet Persuasion
Do you know my reputation
Swe-e- e t Persuasion
I've got a hard reputation Give me love
Show me what you're made of
Give me love
Give me love love love love love Sweet Persuasion
Do you know my reputation
Swe-e- e t Persuasion
I've got a hard reputation
Give me love
Sweet Persuasion, Sweet Persuasion
Do you know my reputation
Give me love
Sweet Persuasion, Sweet Persuasion
Do you know my reputation
Give me love love love love love
