

# Drop

## Chloe x Halle

Baby I get sick of you  
You're that same old tune  
I don't ever wanna hear you again  
Why are you here, I'd like to skip  
Wanna be deaf to it  
Can not turn my ears off But time stops  
When your beat drops  
It's too strong-ong, long-ong  
But time stops  
(Time stops)  
When your beat drops  
(Beat drops) Turn it off, off, off, off  
Baby I hate listening, listening, listening  
You drive me so crazy, so crazy, so crazy  
Boy can you please play that again You know you're not what I wanna sing  
But you're the only thing, only thing  
That's playing in my head  
My head, my head, my head, my head Time stops  
(Time stops)  
When your beat drops (Beat drops)  
It's too strong-ong, long-ong  
But time stops  
(Time stops)  
When your beat drops  
(Beat drops) Turn it off, off, off, off  
When that beat drops  
It shatters, glass ceilings  
I'm in my feelings  
Adrenaline be thrilling  
Shards cut deep when you play  
Shards cut deep when you stray  
Vibrations move those mountains  
Chaos flows like fountains  
When I don't hear you I need it  
When I do hear you I'm bleeding There's no in between, between it  
There's no middle, explain no feelings  
It's a loving war with radio  
Stop it, stop it  
It's a loving war with radio  
But I feel it, feel it, feel it Shooby-dooby-do-do-do Shooby-dooby-do-do-do  
Shooby-dooby-do-do-do  
Shooby-dooby-do-do Time stops

(Time stops)  
When your beat drops  
(Beat drops)  
It's too strong-ong, long-ong  
But time stops  
(Time stops)  
When your beat drops  
(Beat drops)  
Turn if off, off, off, off
