

# Stamina (feat. Lil Uzi Vert)

## Moosh & Twist

Boy I'm a problem, yeah I'm a killer  
Got me the beamer, straight from the dealer  
Stacking my money, straight to the ceiling  
Looking like will.i.am, cause I gotta feeling  
You ain't in the club like that  
You ain't got a plug like that  
Been around the way, saying you a scrub like that  
They don't show you love like that, yeah  
Got a little fame, what it taste like?  
Man I'm headed overseas on a straight flight  
Man I gotta go for blood like a great white  
Till my grandmother see me on Late Night, yeah  
Gotta overdo it, gotta flow into it  
Gotta pick it up, gotta do it, gotta show me love  
Yeah, yeah...into it when I'm going through it  
Man I owe it to her, god damn  
I guess I'm a monster, lately I'm crazy  
I started a wave, they cannot replace me  
I pray to my god, and hope that he save me  
I spoil my girl, and take care my babies  
It's M double-O, don't you ever mistake me  
Now bring in the bottles, cause we getting faded
